4220-GF-100

Dear Ms. Dorr:

On August 1, 2000, Wis. Admin Code Ch. PSC 113 – Service Rules for Electric Utilities took effect. The revised PSC 113 contains a number of filing requirements including PSC 113.0705 (1) which requires notification of the availability of power quality diagnostic equipment.

This letter is to notify the Commission that Northern States Power Company – Wisconsin (NSP-W), d/b/a Xcel Energy, is in compliance with section PSC 113.0705 (1). NSP-W does own and maintains two Reliable Power Meters power quality analyzers.

If you have any specific questions regarding this filing, please contact Ed Auth - Sr. Area Engineer at 715.839.1385.

Respectfully submitted,

Brian R. Zelenak
